

Geometric design: anchor dots and guides

Name: _____

Left half: trace the gray design. Right half: only the anchor dots; join them with short strokes to mirror it. Lesson 07.2.

Gray dots: anchor points. Dashed lines: level guides. Red dotted ovals: the eye area, keep lines and color out of it.
Join dot to dot with short strokes, each about a third of a side. Turn the page so you always pull toward yourself.

Must measure 10 cm. If not, print at 100% ("Actual size").
